Independent Announcement.

To the Voters:
Gentlemen:—Having been requested by members of both political parties to announce myself a candidate for the office of city clerk in the forthcoming municipal election, I hereby offer myself as a candidate for said office independent of party politics and entirely on my merits. I solicit the votes of the citizens on December 8th.

Respectfully,
ROBT. KELLAHIN

To-day is the last.

To-morrow is the first.

Nineteen three will soon be history.

The local question is, not only have you registered, but have you paid your taxes?

The one per cent penalty for failure to pay taxes goes on to-morrow. A word to the wise is sufficient.

A week from to-day the extraordinary session of congress will give place to the common place regular session.

Burn's immortal lines—"When chill November's surly blast, Made field and forest bare"—were never written of the Pecos Valley.

Voltaire, the witty Frenchman, once said that all the misery in the world could be comprehended in this sentence:—"Once there was a tax gatherer."

There have been a smaller number of fatalities on the grid iron this season than formerly. The rules should be changed. The national sport is becoming too tame.

The clang of the cable car is once more heard in Chicago. It will only be a matter of a few days, however, until the clang of another strike will be heard in that labor-restless city.

Not all of our voters registered by any means, and yet the registration lists show more than a thousand names. Other Territorial towns can approximate our population accordingly.

Did you know that THE ROSWELL DAILY RECORD has the distinction of being the only Democratic paper in all New Mexico? There are four other dailies in the Territory, but they are all off color politically.

Who will be the first man to

come forward to build a public sanitarium that will be large enough to accommodate the number of people who are now coming here, and would gladly go to such an institution.

Cleveland declines the nomination for the presidency. Now it is Bryan's turn. Neither one since 1900 ever had any chance of a nomination. You can't tell where Presidential lightning is going to strike, but both these gentlemen have been perfectly safe from any such electrical shock.

A Chicago restaurant keeper shot a man this morning because he was five cents short in paying for his meal. The man promised to pay the nickel later. But the restaurant-keeper was doing a strictly cash business and hence was compelled to shoot the boarder in order to keep the goods. Human life isn't worth much in Chicago, when it interferes with business.

In the report of Mining Inspector Sheridan which was filed to-day in Washington, he says that even with the present development of the mines in New Mexico we can quadruple our output making it five millions of tons per year, if there were proper transportation facilities. Above all things else New Mexico needs railroads. We have coal enough to warm the world.

WHAYNE INSURANCE CASE.

A Suit that May Develop into a Second Hillman Case.

Louisville, Ky., Nov. 30.—A suit that may develop into a second Hillman Insurance case came up for trial today before Judge Gordon. The suit is that of the Fidelity Trust Co. as executor of Robert C. Wayne, against the Provident Life Assurance Society of New York, to enforce the collection of a policy for \$76,000 held by Mr. Wayne.

Mr. Wayne was found dead near his home in Beechmont shortly after he had started out hunting. The insurance company contends that he committed suicide, while his executor maintains that his death was accidental. The deceased carried an unusually large insurance on his life. Following the present suit will come the trial of the case brought by Mr. Wayne's executors against the Equitable Life Assurance Company to enforce the collection of a \$150,000 policy.

Brazil at the World's Fair.

St. Louis, Mo., Nov. 30.—Work has been commenced on the construction of the Brazilian pavilion, which is to be one of the largest and finest foreign government buildings at the World's Fair. It will cost \$130,000—more than the costliest of the state buildings. Modeled on lines severely chaste and yet with some of the Spanish Renaissance so typical of South America, its facade will have just enough of the ornamental to express outwardly a pleasing decorative spirit. Viewed at a distance the building will look not unlike a model state house with its central dome rising to a height of 132 feet. This huge architectural canopy will be set off with staff figures in statuary. Main entrances are to be placed in the north and south elevations while the low domes at each end will serve to cover commodious loggias.

Alexandra's Birthday.

London, Nov. 30.—A large party of distinguished people has been invited to Sandringham to assist in properly celebrating the Queen's birthday tomorrow. In further recognition of the wide popularity enjoyed by King Edward's gracious consort the town of Norfolk will keep holiday and at Windsor and elsewhere the anniversary will be observed. In official recognition of the day royal salutes will be fired by all garrisons and ships. Queen Alexandra was born December 1, 1844, and consequently tomorrow she will enter upon her sixtieth year.

Fox Hunters' Association Meets. Bardonia, Ky., Nov. 30.—Several score of lovers of the chase assembled today at New Haven, this county, to take part in the opening of the annual meet of the National Fox Hunters' Association. Among the participants are many of the most noted hunters of Kentucky, Indiana, West Virginia and other states. The country is sufficiently broken to lend zest to the sport, and a large entry list gives promise of one of the best meets in the history of the association.

3.—Three lots in South Roswell, north front facing the city for \$300.

4.—Three lots in Military Heights, east front facing Institute and near new school. Good dwellings all around, \$125.00 each.

5.—Three lots, splendid location in Riverside Heights overlooking Roswell and the farms. This is one of the best properties in this growing addition, price for the three, \$300.00

6.—Four lots south of Military Institute on the North Hill, good property. These lots are choice and will go together for \$600.

7.—We have some of the choicest lots in Alameda Heights at very low prices, everything considered. These properties are splendidly located as to drainage, have good water supply, excellent soil and in one of the very best residence parts of the city.
